Base Map: Andrea Schneider from MN 2023 Lidar data
Fieldwork, Drafting: March 2025 Aviad Fuchs, Tom Lacksonen

- Permission should be sought from the park authority and other land owners before using the public or private terrain of this map. Legal boundaries are approximate. Stay away from private and out of bound areas. Unmapped hazards such as barbed wire, holes etc.) exist.
- Notes: This park is actively managed. Vegetation may have changed since date of latest field survey. This is a flood control project area and water levels vary by as much as 2 meters from season to season.
- MNOC is not liable for any damages as a result of use of this map.
No copying of this map is allowed.
